My thanks to John for sorting the cards for me today. He reports a small improvement in the standard of returns. Can I also please request that as much as is possible members of the Seniors Section try to tee off between 7:30 and 9:30. I am desperately trying to fight our corner to retain a roll up (under alphabetical tee times) for us, but my case is weakened when we do not fill our allocated tee times and then

Lincoln Golf Club Seniors

take up other tee times during the day for the Comp. Please wherever possible play your Seniors Comps between 7:30 and 9:30. Thank you.
