### The Format

Medal play off FULL Course Handicap. Your NETT score on each hole will determine how many (if any) points you score. There are 6 points up for grabs on each hole. If one person wins the hole outright, he scores 6 points. If 2 people share the hole, they score 3 points each. Obviously, then if all 3 players achieve the same NETT score, they each score 2 points. All points scored will be totted up at the end and the team with most points will win. Captain Steve has kindly agreed to provide prizes for all 12 members of the winning team. There will still be a £2 entry fee which will be donated to the Captain's Charity Fund. You will be billed for this competition at the end of the season.

Only 1 scorecard for each group will be completed with all 3 players' points recorded on the same card. Please, please only record the number of points scored on each hole - nothing else.
